Almond Oil *Enhancing Lives*

ALMOND OIL (Cold Pressed)

Rooted in Nature. Delivered with Integrity.

Sourcing & Processing

- Sourced from high-quality, mature almonds
- Mechanical cold pressing (<math><45^{\circ}\text{C}</math>) to prevent nutrient degradation
- No refining, bleaching, or deodorization
- Minimal filtration to retain micronutrients

Nutritional & Functional Composition

- High in Monounsaturated Fatty Acids (MUFA – Oleic Acid ~60–70%)
- Contains Vitamin E (tocopherols)
- Naturally occurring phytosterols

Benefits

- Supports skin barrier repair and hydration due to emollient properties
- Contributes to oxidative stability via Vitamin E
- Helps maintain healthy lipid intake in diets
- Suitable carrier oil for formulations

Applications

- Cosmetic & dermatological formulations
- Hair care & scalp nourishment
- Functional nutrition (limited culinary use)

WHY CLIENTS TRUST US

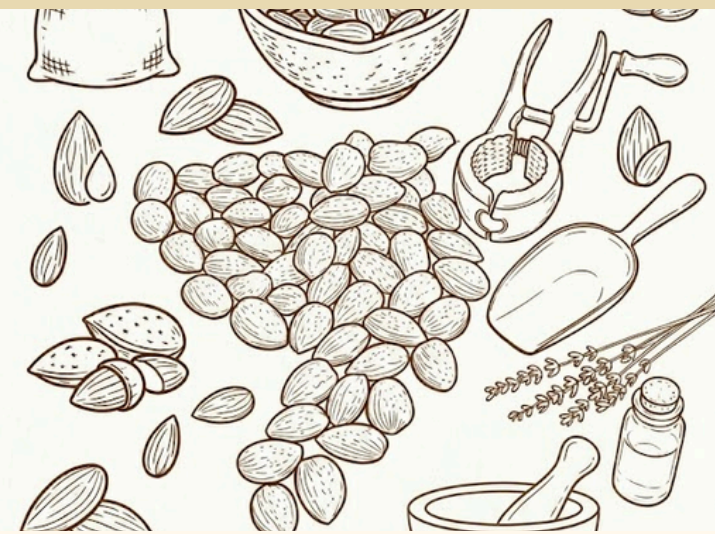

HIGH PURITY

NUTRIENT-RICH

TRACEABLE SOURCING

CHEMICAL-FREE

OUR UNIQUENESS

Dual functionality as a nutritional and cosmetic-grade oil with high oxidative stability.
