

# EXTRA VIRGIN COCONUT OIL

THE GOLD STANDARD OF ORGANIC  
EXTRA VIRGIN COCONUT OIL

# Experience the essence of organic wellness

ORGANIC

COLD PROCESSED

SOLVENT FREE

HIGH LAURIC ACID

Our Organic Extra Virgin Coconut Oil (EVCO) is a clean, water-clear to pale golden oil with a naturally fresh coconut aroma. Designed as a premium, multipurpose wellness oil, it delivers purity, performance, and traceability.

- 100% organic coconuts sourced from certified, traceable farms
- Cold-processed using fresh coconut milk (no copra)
- Solvent-free: no chemical refining, bleaching, or deodorization
- Therapeutic-grade quality suitable for topical and wellness use

# Traditional Fermentation for Modern Wellness

SOLVENT-FREE

NUTRIENT-RICH

UNREFINED

## Low-Temperature Extraction That Preserves Natural Bioactives

Our EVCO is produced using a traditional wet-milling and fermentation process, ensuring the oil is never exposed to harsh industrial heat or chemical treatment.

## Our Integrity Process

- Selection – Mature organic coconuts (11–12 months)
- Extraction – Fresh kernel pressed to coconut milk
- Fermentation – Low-temperature natural separation
- Filtration – Food-grade polishing filtration
- Quality Release – Batch-wise lab testing

# One Pure Oil. Multiple Wellness Applications

VERSATILE USE ACROSS SKIN, HAIR, NUTRITION & ENERGY

## Personal & Therapeutic Care

- Pediatric Barrier Support  
Baby Massage – Gentle emollient, supports skin barrier  
*Direction: Warm a few drops between palms and massage gently after bath*
- Dermatological Support  
Skin Care – Improves hydration, reduces dryness  
*Direction: Apply twice daily to affected areas*
- Hair & Scalp Nourishment  
High lauric acid content nourishes scalp, helps reduce irritation  
*Direction: Massage into scalp and hair; leave for 30 minutes before washing*

## Nutrition & Wellness

- Wellness Cooking – Ideal for salads, smoothies & recipes
- Quick Energy – MCFA-rich for rapid energy release

# Composition & Technical Chemistry

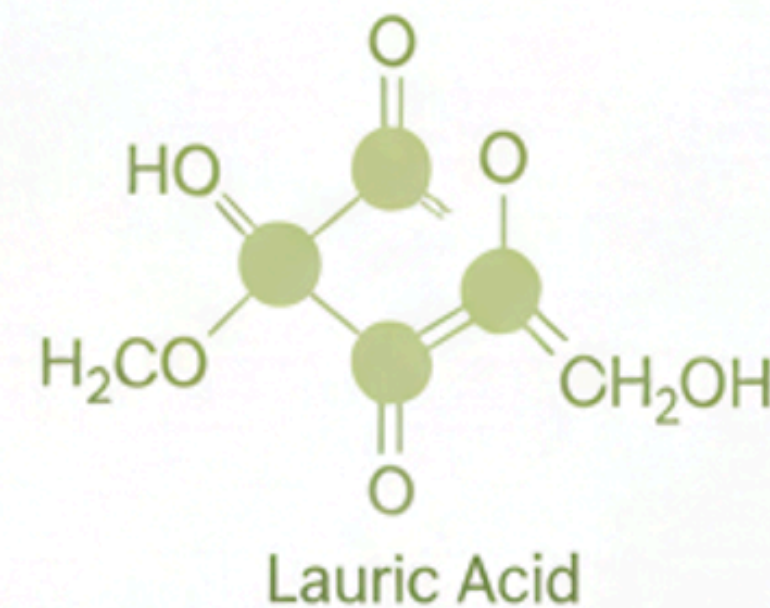

**No transfat, cholesterol and dietary fat present in our EVCO**

THE POWER OF LAURIC ACID & MCFA'S

## Key Chemical Profile

- Lauric Acid (C12:0): Comprises 48–53% of the fatty acid profile, known for broad antimicrobial activity.
- MCT Rationale: Contains caprylic (C8:0) and capric (C10:0) acids, essential for functional energy metabolism.
- Purity Standards: Contains 0% trans-fat and 0% cholesterol.

Parameter	Value
Energy	~897 kcal
Total Fat	~99.5 g
Saturated Fat	~91.3 g
Unsaturated Fat	~7.7 g
Sugar	~0.37 g
Lauric Acid	~48–53% of fatty acids (typical coconut oil range)

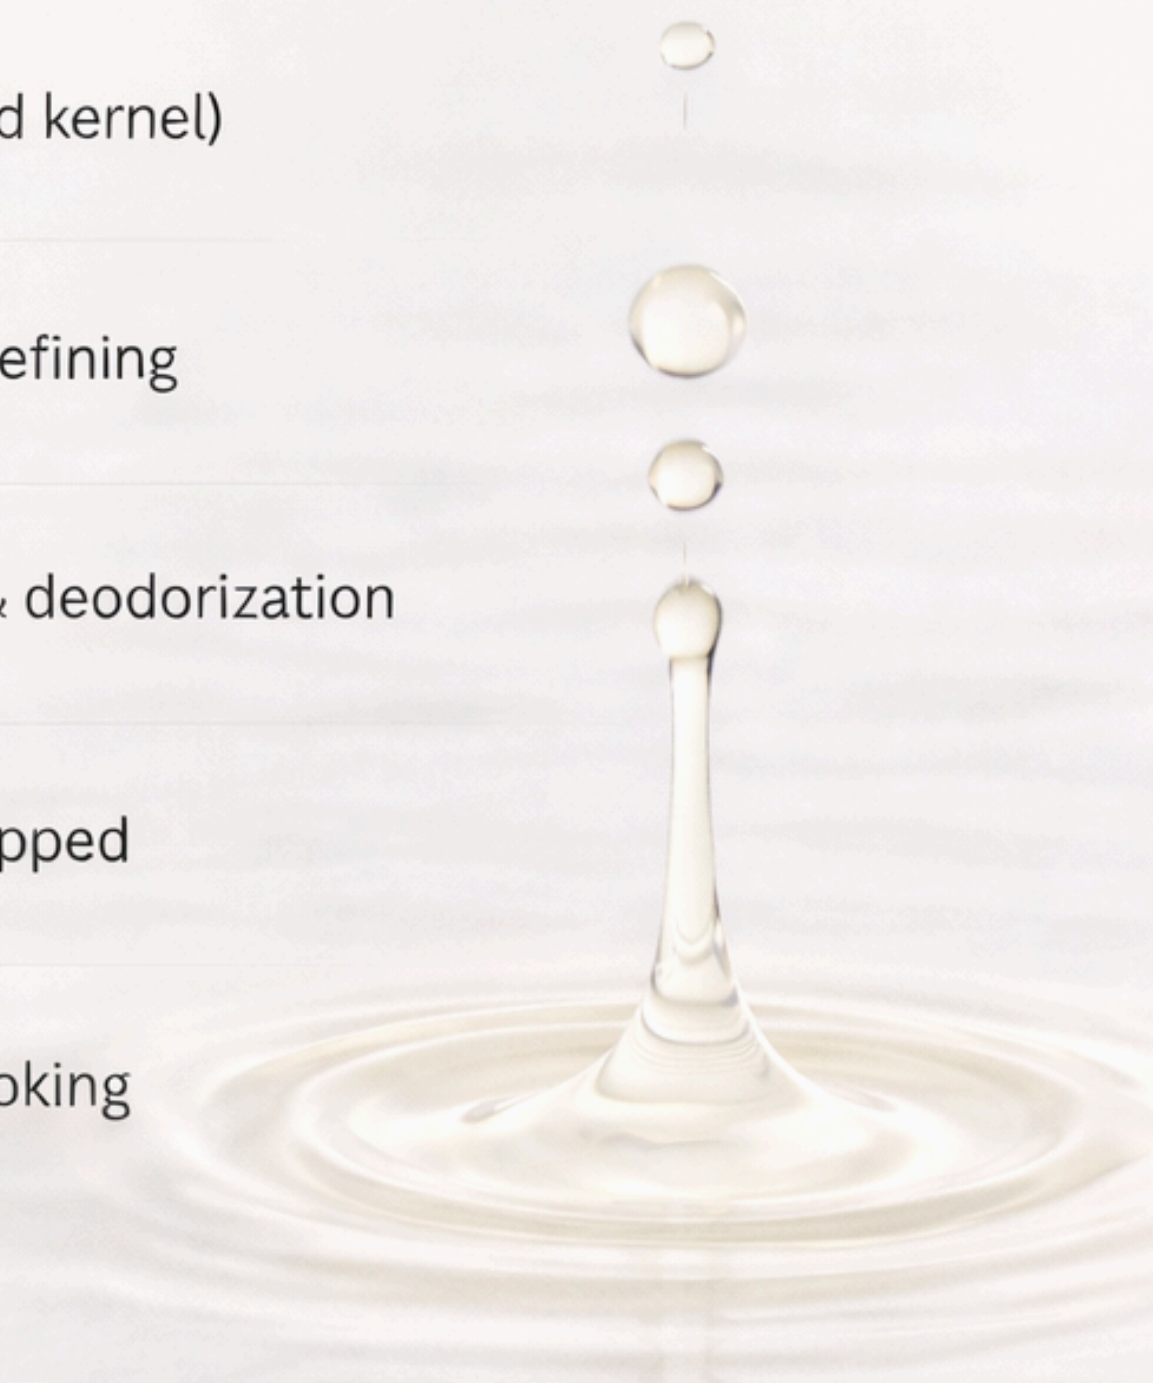

# Purity, Composition & Manufacturing Excellence

WHY EXTRA VIRGIN COCONUT OIL OUTPERFORMS RBD OILS

Parameter	EVCO (Virgin)	Conventional Coconut Oil (RBD)
Raw Material	Fresh organic coconut milk	Copra (dried kernel)
Processing	Low-temperature fermentation	High-heat refining
Chemicals	None	Bleaching & deodorization
Aroma & Bioactives	Naturally retained	Largely stripped
Positioning	Wellness, topical & nutrition	General cooking
